**Subject:** Note on FOIA request EPA-R2-2013-009406 (Curtiss-Wright Corporation)

TO: Donna M. Stanuikynas

Dear Ms. Stanuikynas,

This is to document our conversation today regarding the FOIA request above.

I called to notify you that the Pre-Remedial Section of the Superfund Division at EPA Region 2 has basically only one report for the Curtiss-Wright Corporation (NJD002013522 in our CERCLIS database). That report is a New Jersey Department of Environmental Protection (NJDEP) four-volume Site Investigation Report from 2002. We also have a few older review forms. You indicated that you already have the 2002 report and would not need the older review forms. As I mentioned today, the site is listed in our database as "State-Lead" which means that the state is handling investigation and remediation. More recent reports would have to be obtained from NJDEP.

As I also mentioned, you will be receiving a comprehensive response from several other divisions at Region 2, at a later date.

Please contact me if you have further questions.

Sincerely,

Jan Hagiwara  
Site Assessment Manager  
Emergency & Remedial Response Division  
U.S. EPA, Region 2  
290 Broadway, 18th Floor, NY, NY 10007
